Press release

The portal mahalla.info in service of Prizren citizens activism

EC Ma Ndryshe on Wednesday launched the portal www.mahalla.info, which is dedicated to activism of citizens and groups of community in neighborhoods in Prizren.

A broad explanation is offered to the journalists about the content of the portal and the columns in it, which can be used by the citizens to address proposals, complaints, notifications related to the developments in their neighborhood and to supervise the realization of projects which are being implemented thanks to the public means.

The visitors can find in portal information on meetings in neighborhoods, vision of the citizens for their neighborhood, realized public performances to address different concerns, projects which are being realized, data about identified problems in certain neighborhoods, steps of activism to address and solve them, produced solutions, etc., which now and on will be actualized on daily basis.

The portal mahalla.info is developed by EC Ma Ndryshe within the project "Inclusive city..." financed by Olof Palme International Center (OPIC), which is supported by Swedish Government. "Inclusive city..." is a three year project of EC Ma Ndryshe, and it aims articulation of needs of the groups of community and turn them into applicable urban planes in Prizren municipality. Groups of community with whom it is being worked in this project are distributed in different neighborhoods of the city and the advocacy process is also being developed in parallel in cooperation with Prizren municipality and Directorate of Urbanism and Spatial Planning to ensure inclusion of citizens requests in urban planning of the city.

With respect,

Fisnik Minci, coordinator of the

NGO EC Ma Ndryshe project
