Press Release

Cyclist Community of Prizren Pedals for Tracks

In the public performance “Drive a Bicycle” organized by EC Ma Ndryshe, within the Project “Inclusive City...”, funded by Olof Palme International Center (OPIC) that is supported by the Government of Sweden, tens of cyclists have taken to the streets of Prizren, who through the pedaling in the city have publicly raised the demand for the planning of bicycle tracks in the city of Prizren.

Cyclists gathering started in the square opposite the Sinan Pasha Mosque, and from the Arasta Bridge they commenced the tour through the city ring road. The Kosovo Police assisted the cyclists in this event. The cyclists came from different age groups.

After a full circle through the city ring road, cyclists came back to quay, where they signed the petition for the planning of bicycle tracks.

“Inclusive city...” is a three-year project implemented by EC Ma Ndryshe that strives to articulate the needs of community groups and to translate them into implementable urban plans for the Prizren municipality. Community groups involved in this project are distributed in different city neighborhoods. Advocacy and cooperation with Prizren Municipality and Directorate of Urban and Spatial Planning goes in parallel to ensure inclusion of citizen requests related to urban planning for the city.

The request to plan the bicycle tracks in the city of Prizren came from the community.

Kindly yours,

Fisnik Minci, Project Coordinator
